A very fine programme is offered by the American Jockey Club to-day, and unless sovratching is heavily indulged in the racing should be above the average. All the fields but one are nicely balanced. The City Stakes is the feature of the card. It is at a mile and a furiong, and has in it such good ones Galilee, Live Oak, Judge Marrow, Lochinvar and Roller. The weights are allatted, and the finish should be close and exciting.

The opening race has a good lot of two-year-olds in it, and the betting

Desperate Prison Plot on McNeil's Island, Washington.

Government Warden and Guard Narrowly Escape Death.

TACOMA, Wash, Oct. 1.-Attempted holesale murder and a partially successful jall delivery have occasioned no little excitement at the United States Penitentiary on McNeil's Island. Warden Paimer and four guards had a remarkable escape from sudden death The prisoners, led by John Wade, notorious smuggler, who once before made a successful escape, secured poisor and placed it in the food of Warder Palmer and assistants. As it was all of them were made deathly sick.

During the excitement which followed four of the prisoners, with Wade at their head, made their escape from the island, and despite the most vigorous search the quartet has been at large ever since. The island is separated from all other land by a mile of salt water. It is believed that the four men escaped on a rude raft and are headed for British Columbia, if they have not aiready arrived there. The prisoners intended to kill the guards and then set all the men in the prison, fifty in number, at liberty. ber, at liberty.

The duel between Herr Von Kiderlen-Wachter and Herr Potsdorf was fought with pistols near Berlin on April 18. Five shots were fired and Herr Pots-dorf was wounded in the arm. Every man was startled from his slumber. Hammecks were lashed and stowed, hose was run out, and in a few minutes each man was at his station.

Then the search for the fire was begun. Nearly two hours passed before it was discovered that there vas no fire. An investigation developed nothing.

Several times after that fire alarms were rung for no reason. A man was jut on guard to watch the alarm bell, but it rang just the same.
